Overview

The information in this prospectus only applies if you require an in-year admission into a school in Croydon.

You will need to contact the local authority or admission authority regarding In-Year applications for any school located outside of Croydon.

An In-Year admission is when you apply for a school place in an existing year group (outside of the normal admissions round) and at a time when your child should already be attending school.

In-year admissions generally arise when a parent wants their child to transfer between schools or when a child moves into the area.

More information about individual schools is available on the [School Admissions Pages](#) on Croydon Council's website.

If you are considering changing schools because you are not happy with how your child is getting on at their current school, we would strongly encourage you to discuss your reasons for the move with the current school to explore if any issues or concerns can be resolved.

When you can apply

You can apply for an in-year admission at any time of the year.

It is important to note that there is no guarantee a place will be available at one of your preferred schools

You cannot apply for an in-year admission if your child is:

- Starting Reception class in September - you need to apply for a primary school place in the normal admission round.
- Moving to Year 3 at junior school in September - you need to apply for a transfer from infant to junior school place in the normal admission round.
- Moving to Year 7 at secondary school in the coming September - you need to apply for a secondary school place in the normal admission round.

Before you apply

Research the [schools](#) you wish to apply to.

Each school has a published admission policy which is used to allocate places where there are more applicants than places available. Admission arrangements for each school are available on the school's website or [School Information Pages](#) on our website.

Check the location of schools.

Making an application

If you are applying for an in-year admission for a school place in Croydon, the application process depends on the school you are applying to, as some schools manage their own admissions.

Croydon School Admissions manage the in-year admissions for the majority of primary schools in Croydon either because they are a community school or on behalf of the governing body of an academy, Voluntary Aided, Foundation or Free school.

Some schools require the completion of a supplementary information form (SIF) as well as an application form, please ensure this is also completed where applicable. SIF's can be obtained either on the school's website or requesting one directly from the school.

Below are tables of schools categorized by the application process:

Applications to Community, Foundation, Free Schools and Academies where Croydon Admissions coordinate the in-year process:

To apply for any of the schools in the table below, please use our online [Parent Portal](#) to complete your application.

Receiving an outcome to your application

For applications made to schools where Croydon school admissions will be sending the outcome, we will aim to notify you in 10 school days but no later than 15 school days. The exception to this will be if the information required has not been provided or there are complex factors which may affect the process in securing a school place.

Children not on roll at a school

If your child does not have a school to attend and you have been unsuccessful in securing a school place at one of your preferred schools, we will make an alternative offer at the nearest school with an available place.

Right of Appeal

Applicants refused a place at a school for their child will be given the right to appeal.

Information on how to lodge an appeal should be provided in the outcome of your application.

For more information on appeals to schools which are managed by the Croydon Independent Appeals Service, please visit the [School Admission Appeals](#) page.

Waiting lists

If your child is not offered a school place

If we're unable to offer your child a preferred school place, they will be placed on the waiting list until

19 July 2023 or until one of your school preferences is offered.

In order to view your child's current waiting list position, please click on this [Link](#) and enter your reference number found on your outcome letter.

Waiting lists close near the end of the academic year and for this year they will close on 19 July 2023, you will need to complete a new application on or after 20 July 2023 to go back onto a waiting list for the next academic year. Waiting lists will re-open on 3 August 2023. Applications received on or before 19 July will not be placed on the waiting list for the next academic year.

If your child is offered one of your preferred schools

If you're offered one of your school preferences, your child will automatically be removed from the waiting list(s) for all other schools listed on your application.

To be added to the waiting list, you must re-apply using the online application portal. Your child will then remain on the waiting list until 19 July 2023.

When you submit a new application, all previous preference schools will be removed. You must list all schools again in order of preference for each new application.

At the end of the academic year

If you still want your child to remain on the waiting list after the academic year has ended, you must re-apply by submitting an in-year application using the online application portal.

Applications to Voluntary Aided Schools and Academies where Croydon Admissions co-ordinate the application form:

To apply for any of the schools in the table below, please use our online [Parent Portal](#) to complete your application.

Once you have submitted your application through the parent portal, you will also be required to complete a supplementary information form (SIF) for any of the schools listed below. This form can be found on the school's website. Once completed, the SIF would need to be submitted to the school directly in order for your application to be considered.

Looked-after children and previously looked-after children

Looked-after children are defined as ‘children in public care at the date on which the application is made’. Previously looked-after children are children who were looked after, but ceased to be so because they were adopted or became subject to a child arrangements order or special guardianship order, immediately after being looked-after. This includes children who appear to have been in state care outside of England and ceased to be in state care as a result of being adopted.

A child is regarded as having been in state care outside of England if they were in the care of or were accommodated by a public authority, a religious organisation or any other provider of care whose sole or main purpose is to benefit society.

If an application is made under the ‘looked-after’ criterion, it must be supported by:

- a letter from the relevant local authority children’s services department and/or relevant documents or
- evidence which demonstrates that a child was in state care outside of England and left that care as a result of being adopted.

Applications from overseas or new arrivals to the UK

It is the responsibility of parents to check that their children have a right, under their visa entry conditions, to study at a school. Applicants must check that they have a right of abode or the conditions of their visas otherwise permit them to access a state-funded school.

Foreign nationals cannot use the 6 month visitor visa or a 6 month short-term study visa to enter the UK to enrol as a pupil at a school.

Parents who are moving/returning to the UK should provide evidence of the address they intend to return to in order for the distance criteria to be applied, failure to provide evidence will result in the application being considered from the place of residence from which the application is made. If this is in another country, it would give the child a lower priority for admission to most schools.

You must complete an application online using our [Parent Portal](#) if you are eligible to apply for a school place.

Children with special educational needs or disability (SEND)

SEN Support in Mainstream Schools

All mainstream primary schools have a statutory duty to make additional provision for children who have been identified as having SEND.

If you want to find out more about the support and arrangements in place you should contact the school’s Special Educational Needs Coordinator (SENCO).

The SENCO has day-to-day responsibility for the operation of SEN policy and co-ordination of specific provision made to support children with SEND.

The name and contact details of each school’s SENCO should be on the school website.

On the school website you will also be able to look at their SEND policy and SEND information report which will give more details of the arrangements in place to identify and give additional help for children with SEND.

For children whose needs are met through SEND Support in school, application for a school placement is made through the regular admissions process.

Children with Education, Health and Care Plans (EHCP's)

For children with an Education, Health and Care Plan, admission to school is managed by the Council's SEN service to ensure that the school that you and the Council have chosen, can meet your child's special needs.

Depending on their needs, your child may have his/her special education provided in a mainstream primary school, a special school or a mainstream school with an Enhanced Learning Provision which provides specialised education alongside and in a mainstream school.

The Croydon 0-25 SEN Service will work with you to secure a suitable school place for your child.

For more information about school admission for children with an EHC Plan, please contact the SEN Service (0208 604 7263), your child's EHC Co-ordinator will be happy to help.

How to apply for an In Year school place online

BEFORE YOU START

- Decide your order of preference schools before you start the online application. It is important you list your schools in order of preference as your application will be considered for the highest preference school first and only considered for the subsequent schools if it is not possible to offer a place.
- You will need an email address – This is necessary to apply online.

LOGIN OR REGISTER

1. Go to <https://croydon.cloud.servelec-synergy.com/Synergy/Parents/default.aspx> and select 'Sign In or Create Account' on the top left corner of the page.

Welcome to the Croydon Local Authority Parent Portal

Apply online for your child's In-Year school place

The Parent Portal allows parents of children making an in-year school application to do so via an online interface.

The application allows a user to create an account, add their children to the account, and create one or more school preferences for that child. Once the preferences have been created, they are available for the Local Education Authority to view.

To begin using the Parent Portal, create an account using the 'Sign In or Create Account' link which can be found on the upper left side of this page.

If you would like help creating or using your account, please download our guidance on the Parent Portal (PDF, 556 KB).

Co-ordinated admissions

Applications for Reception (Date of Birth between: 01/09/2016 and 31/08/2017), Junior, Year 7 and 14-19 places starting September 2021 must be made via a different process. More information at: www.croydon.gov.uk/admissions

In order to add a preference school, first click 'Add School' and search for the name of the school in the search bar.

Once you have selected a school, please ensure to select the criterion that you will be applying under (e.g. Distance, Sibling) and then click 'Next'.

If you wish to add documents for individual schools, please ensure they are attached to each relevant school at this stage when prompted to do so under the 'Supporting Evidence Details' page.

School Search

This page allows you to add your preferred schools. You can narrow your search by using the name and distance options below.

Further information for each school is available by clicking on the name of any school in the search results. To select a school click on the Select link beside the school.

This is preference 4 of a possible 6.

Community Schools Admission Arrangements 2022/23

The criteria outlined below apply only to Croydon community schools. Admission arrangements for non-community schools can be viewed on each school's website or by visiting [this page](#) of Croydon Council's website and searching for a school.

Should any community school convert to academy status prior to September 2022, the admission arrangements will apply as published below unless stated otherwise in their funding agreement.

Where the number of applications for a community school is higher than the published admission number, the following criteria will be applied in the order set out below to decide the allocation of places:

Children with an Education, Health & Care Plan (EHCP) that names a school will be admitted to the school before the admissions criteria are applied to all other applicants. (See note 7)

1. **Looked-after children and previously looked-after children** (see Note 1).
2. **Linked schools**
Children who are on the roll of their linked infant school at the time of application. (see Note 2).
3. **Siblings:**
Children with a brother or sister who will be in attendance at the school or the linked infant/junior school at the time of enrolment of the new pupil (see Note 3).
4. **Exceptional medical need:**
Pupils with a serious medical need for attending a particular school. (See Note 4)

Supporting professional evidence must provide specific reasons why a particular school is the only school that can meet your child's needs and the detriment that would be caused if your child had to attend another school. Your application must be supported by a GP or consultant.

For primary age children, their need to attend a particular school because of a parent's serious and continuing medical condition may also be relevant.

Supporting evidence should be set out on the [In-Year Medical Application Form](#).

Both the completed medical form and the supporting evidence from the GP or consultant must be submitted with the application (see Note 4).

By submitting your evidence to the local authority you consent to this information being shared with the local authority's medical advisor.

5. **Distance:**
Priority will be given to pupils living nearest to the school as measured in a straight line (see Notes 5 and 6).

Tiebreaker

In the event that the number of applications for places exceeds the number of places available, after application of the admissions criteria, distance will be used to decide between applications. Where distance is the same for two or more applications the authority will use random allocation.

Note 1: Looked-after children are defined as 'children in public care at the date on which the application is made'. Previously looked-after children are children who were looked after, but ceased to be so because they

were adopted or became subject to a child arrangements order or special guardianship order, immediately after being looked-after. This includes children who appear to have been in state care outside of England and ceased to be in state care as a result of being adopted.

A child is regarded as having been in state care outside of England if they were in the care of or were accommodated by a public authority, a religious organisation or any other provider of care whose sole or main purpose is to benefit society.

If an application is made under the ‘looked-after’ criterion, it must be supported by:

- a letter from the relevant local authority children’s services department and/or relevant documents or
- evidence which demonstrates that a child was in state care outside of England and left that care as a result of being adopted.

Note 2: This criterion does not include siblings on the roll of the infant school’s nursery class, if it has one.

A list of all infant and junior schools is provided in the table below. The shaded schools are their own admission authority, therefore, please refer to the individual school’s admissions policy.

Linked Infant School	Linked Junior School
Beulah Infant	Beulah Junior
Elmwood Infant	Elmwood Junior
The Minster Nursery and Infant	The Minster Junior
Park Hill Infant	Park Hill Junior
St Joseph’s Catholic Infant and Nursery	St Joseph’s Catholic Junior
St Mary’s Catholic Infant	St Mary’s RC Junior
Whitehorse Manor Infant and Nursery	Whitehorse Manor Junior
Winterbourne Infant	Winterbourne Junior Girls
Winterbourne Infant	Winterbourne Junior Boys

Note 3: A sibling is defined as a brother or sister, half-brother or sister, step brother or sister, foster-brother or sister or adopted brother or sister whose main residence is the same address as the child for whom the school place application is being made.

Children with siblings allocated a place in the Reception or Year 3 class at a linked junior school to start in September will be eligible for priority under the sibling criterion between 1 to 5 August each year when this local authority opens waiting lists for the new academic year.

In the case of in-year admissions, eligibility for sibling priority will apply at the time of an offer.

This criterion does not include siblings on the roll of the school’s nursery class, if it has one.

Note 4: All schools have experience in dealing with children with a range of medical needs and all schools are required to make reasonable adjustments in order to do this.

In a very few exceptional cases, however, there may be reasons why a child needs to attend a specific school

and this could be due to the child's medical need or the medical condition of the parent or the main carer with responsibility for the child. Providing evidence does not guarantee that a child will be given priority at a particular school and in each case a decision will be made based on the merits of the case and whether the evidence demonstrates that a placement should be made at one particular school above any other.

If you feel there are exceptional reasons for your child to be considered for a priority placement at a particular school, you must indicate this in the section provided in your application, and complete the [In-Year Medical Application Form](#) setting out the reasons to support your case.

All requests for priority consideration on medical grounds must be supported in writing by a doctor or consultant, and this must make clear which school you are making a special case for, the reason why it is necessary for your child to attend this school in particular, and the difficulties it will cause for your child to attend another school.

It is for you to decide how to support your case and what documents to provide but these must be submitted, together with the completed medical form and supporting statement by the GP/consultant. The admissions team is not responsible for chasing you to submit medical evidence or for contacting professionals for information about your case.

The local authority, using guidance received from Croydon's admissions panel (this is comprised of professionals from health and education), will decide whether an application for a school is to be prioritised on medical grounds, in light of the medical evidence submitted by the parent for their child to attend this particular school. Claims for priority of admission on medical grounds submitted after a decision on the original application has been made will only be considered if the documents submitted were not readily available at the time of application or if they relate to a new medical condition. Any submission made after the initial application must be supported by details of how the circumstances have changed since the original application and by further professional evidence.

Note 5: 'Home' is defined as the address where the child normally resides Monday to Friday as their only or principal residence.

Addresses involving child-minding (professional or relatives) are excluded. There have been occasions when parents/carers have tried to use false addresses to obtain a place at a school. To prevent this happening, Croydon Council undertakes checks using an address verification tool called Datatank. If after these checks have taken place, we cannot be satisfied that the address is the parent and child's normal place of residence, the parent/carers will be asked to provide further proof of their home address. In this instance two forms of address verification will be required: a solicitor's letter confirming completion of contract or a tenancy agreement along with a recent utility bill in the applicant's name.

If the parent/carers is found to have used a false address or deliberately provided misleading information to obtain a school place, the offer will be withdrawn.

Should there be doubts about the address to be used, parents/carers may be asked to provide evidence concerning the child's normal place of residence. This could include a court order stating where the child should live during the course of the week. The local authority would expect that the parent/carers with whom the child is normally resident receives the child benefit for the child. If the residence is split equally between both parents, the home address may be determined to be the address where the child is registered with the doctor. This may be used to determine the normal place of residence for the purpose of measuring the home to school distance.

If parents/carers have more than one property they may be required to provide proof of the normal place of residence for the child.

The processing of applications outside England for admission to school within the normal admissions rounds (excluding Crown servants)

Applications with an address outside England can only be accepted for processing when this local authority is satisfied that there is **evidence of a link to an address in its area** and that **the child will be resident at that address on or before the date of admission** (i.e.start of September). Such evidence must include:

- Booked travel tickets and
- End of lease/notice to tenants in Croydon property or

- Start of employment contract in the Croydon area or
- End of employment contract abroad

The address outside England will apply until such time as there is evidence of a child's return to the linked address. In the event that a family does not return to the linked address provided by the start of September, this local authority will withdraw the application submitted and any offer made.

Note 6: The distance will be measured in a straight line from the child's home address to the designated entrance(s) of the school using a computerised measuring system (GIS) and geographical reference points as provided by the National Land and Property Gazetteer (NLPG). Those living closer to the school will receive higher priority.

If a child lives in a shared property such as flats, the geographical references will determine the start point within the property boundaries to be used for distance calculation purposes.

Distance measurements can be obtained using various internet sources however these do not replicate the system used by Croydon Council. Additionally, the distance measurement which can be obtained from the Croydon website using the 'Find It' link on the home page will not always be identical to that of the measurement obtained using the Croydon school admissions measuring tool (known as GIS) as the 'Find It' link is set up to measure to a range of council facilities and is not set up to measure for school admission purposes. It also does not give measurements to three decimal points.

Note 7: Education, Health and Care Plan

An Education, Health and Care plan (EHCP) is an integrated support plan for children and young people with complex special needs and disabilities. The plan gives a detailed description of the range of difficulties a child is facing and the level and type of provision required to help the child make progress and achieve positive outcomes.

Child minding arrangements:

Child-minding cannot be taken into account when allocating places at oversubscribed community schools.

Children attending a nursery class attached to an infant or primary school

Parents of children attending the nursery class at an infant or primary school must apply for a reception class place in the usual way. These children are not guaranteed a reception place at the school where they are attending the nursery class.

All applications are considered strictly in accordance with a school's admission criteria. Unless otherwise stated, children on the roll of a school's nursery class are not given priority admission into a reception class.

Twins/triplets or other multiple births for admission into an infant class

If you are applying for twins, or children from a multiple birth, and there is only one place available at the school, legislation allows us to admit them all i.e. all siblings from a multiple birth.

Waiting lists

If you are offered a place at one of the schools on your application through the in-year admissions process and you have also expressed a higher preference for another school or other schools, you will not be placed on the waiting list for your higher preference school/schools. You may request for your child to be added to the waiting list by submitting a new application on the [Parent Portal](#).

In-year waiting lists are maintained for one academic year and applicants who have been unsuccessful for their preferred school(s) and who wish to remain on the waiting list are required to re-apply the following academic year.

Waiting lists for community schools for applicants who applied as part of the main admissions rounds are held for the first term of the reception year and thereafter, applicants are required to complete the local authority's in-year common application form (ICAF) if they wish to remain on the waiting list.

Admission of children below compulsory school age and deferred entry to school

Parents can defer the date their child is admitted to the school year but not beyond the point at which they reach compulsory school age and not beyond the beginning of the final term of the school year for which the application was made. Parents can also take up a part-time place until later in the school year but not beyond the point at which they reach compulsory school age.

A child reaches compulsory school age the term after their fifth birthday. Therefore, if you are offered a reception class place at a school, you can opt to defer your child's start date, but they **MUST** start full time school following their fifth birthday by the dates given below:

- Children born on or between 1 September and the end of December must start full time school by the beginning of the spring term in January
- Children born from 1 January to the end of March must start full time school on 1 April
- Children born from 1 April to the end of August must start school at the beginning of the autumn term in September.

The local authority's expectation is that a child born between 1 April and 31 August should start the reception class at the beginning of the summer term at the latest. However, parents may choose that their child does not start school until the September (beginning of the autumn term) following their fifth birthday. Parents must note the place cannot be held open beyond the summer term, this will mean that as their child will be a year one pupil when they join, parents will need to apply for a year one school place, using the in-year application form.

Admission of children outside their normal age group

Parents may request that their child is exceptionally admitted outside their normal age group. The admission authority will decide whether or not the individual child's circumstances make this appropriate on educational grounds.

It is the expectation of Croydon Council that a child is educated alongside his/her age equivalent peers, in almost all cases. We would strongly advise that all children enter into their normal year group. The responsibility for addressing individual educational needs lies with the school through an appropriately differentiated and enriched curriculum.

Parents must submit their request for their child to be educated outside their normal year group by completing the local authority online form at: <https://www.croydon.gov.uk/education/schools-new/school-admissions/admission-outside-of-normal-year-group/admission-outside-normal-year-group-request>

Parents should include evidence from a relevant professional detailing their child's needs and circumstances which make education outside the normal age group necessary. This could include:

- Evidence from a health or social care professional who is involved in the care or treatment of the child e.g. speech and language therapist, social worker and/or paediatrician.
- The view of any nursery or other early years setting the child attends and any records of the child's development.
- The progress the child has made in an early years setting, including the rate of progress.
- Whether the child's premature birth has caused health problems or developmental delays that mean the child would benefit from a delayed school start.

Decisions are made on the basis of the circumstances of each case and in the best interest of the child. This will require the admission authority to take account of the child's individual needs and abilities and to consider whether these can best be met in reception or year one. It will also involve taking account of the potential impact on the child of being admitted to year one without first having completed the reception year. The admission authority will consider:

- Parents' views.
- Information relating to the child's academic, social and emotional development, where relevant medical history and the views of a medical professional.
- Any previous history of a child being educated outside of their normal age group.
- If a child was born prematurely, the age group the child would have fallen if the child had been born on time.
- Views of the head teacher of the school(s) concerned.
